

Pit and Fissure Sealants Course Schedule

The 16 hour pit and fissure course consists of lecture, classroom instruction and clinical practice in your dental employment office or dental facility that will allow the performance of applying pit and fissure sealants on patients. The lecture is presented through home study program. The one day of class will consist of practicing placement of pit and fissure sealants on artificial teeth and two clinical patients. Two additional clinical patients will be required for sealant placement in the dental employment office or dental facility.

Now adding new classes in Napa, California!!!

Classroom hours are from 8:00am - 5:00pm
