

Coronal Polishing Class Schedule

The 12-hour coronal polishing course consists of classroom instruction, completion of a home study program and clinical practice in your dental employment office or dental facility that will allow the performance of a coronal polishing on patients. The theory is presented through a home study program. The one day of class will consist of practicing polishing teeth on a typodont, fellow student and one clinical outpatient. Two clinical patients will be required to be performed in dental employment office or dental facility after the one day of instruction

Classroom hours are from 8:00 am – 5:00 pm

In these changing times, EFDA is keeping with the needed changes for students attending classes. At this time, we have closed our regularly scheduled DA and RDA Courses for April - May 2020. These class offerings will resume when the California Legislative body mandates that it is safe to attend class.

Location	Course Number	2020 Dates
Sacramento	CP1	January 25
Napa	CP2	February 8
