

## Pit and Fissure Sealants Course Schedule

The **16-hour pit and fissure course** consist of lecture, classroom instruction and clinical practice in your dental employment office or dental facility that will allow the performance of applying pit and fissure sealants on patients. The lecture is presented through home study program. The one day of class will consist of practicing placement of pit and fissure sealants on artificial teeth and two clinical patients. Two additional clinical patients will be required for sealant placement in the dental employment office or dental facility.

**Classroom hours are from 8:00 am - 5:00 pm**

**In these changing times, EFDA is keeping with the needed changes for students attending classes. At this time, we have closed our regularly scheduled DA and RDA Courses for April – May 2020. These class offerings will resume when the California Legislative body mandates that it is safe to attend class.**
