

8 Hour Infection Control Course Class Schedule

We are not accepting applications at this time. Please check back after July 15th for dates and when we will begin accepting applications again.

The 8-hour infection control course consists of classroom instruction and complete on of a home study program. The 4 hours of theory is presented through a home study program. The 4 hours of classroom instruction will consist of practicing required infection control procedures in the classroom.

Note: Certificates will be sent out after the course is completed within 7-10 days.

Important Notice: Temporary Course Suspension

All courses will **pause from May 1, 2026, until after July 15, 2026**. We understand this may cause inconvenience, and we sincerely appreciate your understanding. Our courses are scheduled to **resume on July 15, 2026**, and we look forward to welcoming you back at that time. Please review our website on a regular basis, which is efdaaservices@efdaaservices.com.

This pause is needed to prepare for upcoming site visits and evaluations at all locations. Even though our courses are fully approved, we still need to give this extra review process our complete attention. Similar scheduling adjustments are affecting many other training providers as well.

During this period, we remain available to provide **custom courses** either at our **current facilities or at your dental office**. **Reach out** to other offices for staff who need to complete our courses. A **minimum** enrollment of **four students** is required for these classes.

For more information or to schedule a custom course, please email us at efdaa4u@efdaaservices.com

Minimum enrollment of four students is required for these class sessions.

Classroom hours are from 9:00am to 1:00pm
