

## Radiation Safety Class Schedule

The 32-hour radiation safety course consists of classroom instruction, home study program and clinical experience in the dental employment office or dental facility that allows the exposure, processing and mounting of dental x-rays. Theory is offered through a home study program. The **one day of classroom instruction** will consist of practicing exposing, processing and mounting x-rays on a manikin and one clinical outpatient. Three full mouth surveys will be completed in your dental employment office or a dental facility that will allow you to expose dental x-rays.

**Note: Certificates will be issued 7-10 days after the course.**

## Important Notice: Temporary Course Suspension

**EFDA Will next be accepting applications until after September 20, 2026**

All courses will **pause from May 1, 2026, until after October 1, 2026**. We understand this may cause inconvenience, and we sincerely appreciate your understanding. Our courses are scheduled to **resume on October 1, 2026**, and we look forward to welcoming you back at that time. Please review our website on a regular basis, which is [efdaaservices@efdaaservices.com](mailto:efdaaservices@efdaaservices.com).

This pause is needed to prepare for upcoming site visits and evaluations at all locations **as the Dental Board has delayed the site visits**.

Even though our courses are fully approved, we still need to give this extra review process our complete attention. Similar scheduling adjustments are affecting many other training providers as well.

Since we will be out of the office, we are unable to answer phone messages. Any questions should be **directed to our email address which is [efdaa4u@efdaaservices.com](mailto:efdaa4u@efdaaservices.com)**

During this period, we remain available to provide **custom courses** either at our **current facilities or at your dental office**. **Reach out** to other offices for staff who need to complete our courses. A **minimum** enrollment of **four students** is required for these classes.

For more information or to schedule a custom course, please email us at [efdaa4u@efdaaservices.com](mailto:efdaa4u@efdaaservices.com)

**Minimum enrollment of four students** is required for these class

sessions. Thank you for understanding and patience.
